NOTICE OF 2018 ELECTRIC RATE SCHEDULE

Please accept this as White River Electric Association's formal notice of its 2018 Rate Schedule. WREA has restructured its Residential, Small Commercial and Irrigation Rates. This restructure increases the monthly WREA Service Fee and decreases the monthly kWh energy charge for the Residential, Commercial and Irrigation rate classes. The Large Commercial Rate Class has been eliminated. The Large Power rate classes were not restructured. Pursuant to Colorado law and the WREA Bylaws, WREA has adopted a complaint procedure for its members. Anyone having a comment or complaint about electric service or rates may file a written complaint with the WREA General Manager (P.O. Box 958, Meeker, CO 81641). Please contact WREA at 970-878-5041 or visit WREA with any comments or questions.

The WREA monthly Service Charge for the **Residential Rate Class** will increase from \$5 to \$15 per month. The kWh energy charge will decrease from \$0.12015/kWh to \$0.113/kWh. This will result in an approximate net \$5.00 per month increase for the average WREA Residential member.

WREA divided the **Small Commercial Rate Class** into Small Commercial Single-Phase and Small Commercial Three-Phase. Members will be placed in the rate class that corresponds with the electric infrastructure that serves the specific meter. Small Commercial Single-Phase Service Charge will increase from \$5 to \$15 per month and Small Commercial Three-Phase will increase from \$5 to \$20 per month. The energy charge for both Small Commercial rate classes will decrease to \$0.113/kWh.

WREA divided the **Irrigation Rate Class** into Irrigation Single-Phase and Irrigation Three-Phase. The Irrigation Single-Phase Service Charge will increase from \$10 to \$15 per month. The Irrigation Three-Phase Service Charge will increase from \$10 to \$20 per month. The energy charge for both Irrigation rate classes will decrease to \$0.113/kWh.
